

# Moorlands Primary School

## Implementing Sports Premium in our School

The Government has given every Primary School funding to develop Physical education and competitive sport. Moorlands Primary will have received £10,715 for the year 2016-17.

The long-term aim at Moorlands Primary is higher quality P.E. lessons, improved learning for all children and an increased participation by the children in sporting activities across the Key Stages.

In our school, we are using this funding by working with the Pennine Sports Partnership to:

- Provide staff with continuing professional development to improve their confidence and quality of the P.E. being delivered in teaching games and gymnastics.
- Increase the amount of competitive sports in which our children participate.
- Make links to other community sports providers.
- Keep developing additional clubs and activities for children, both inside and outside the curriculum.
- Provide a variety of new sporting activities into our current provision.
- Encourage our children to improve their leadership skills through sport.
- Give extra support in PE to our most talented children and include those with special needs in sport.

We have continued to employ a PE and sports coach (Miss Tunnacliffe) to work alongside class teachers in lessons to both up-skill staff in their delivery of sports across the school and to allow children to gain new skills and experiences.

Lastly, our Sports Coach, P.E. coordinator and other staff members will be offering free and heavily subsidised after-school sports clubs to improve participation rates. Our P.E. coach will also be working alongside staff to identify gifted and talented children who will be coached as part of our school teams.
